### **Historic Gift Amazes Membership**

The Hollywood Women's Club has received an historic anonymous restricted gift of \$300,000 to our Phase III Campaign for Tomorrow to continue the restoration of our historic Clubhouse. The capital gift is from admirers who feel it is important that the Club move on to the activities that are really at the core and heart of the Club. This gift will not affect our operations budget, which includes our donations to charities especially the ones we are working with on a regular basis. Our need for fundraising events will continue. Besides dues and Clubhouse rentals, it's where the funds for our operations budget which includes charitable donations comes from. One of our priorities is to retire the debt from the last restoration which is \$47,367. In addition we will continue to pursue grants and donations to fund the capital needs. This gift will allow us to leverage additional gifts in the near term future. We now have the ability to be able to match grants we will be seeking. Please join us in celebrating this historic moment in our history.

**It is the largest gift the Club has ever received.**

## Back To School Needs You!

Please considering volunteering even it is only an hour a week.

**You set your schedule!**

Just a little bit of your time can make all the difference to a child struggling to learn to read or a teacher hoping for a little classroom help! We have members who currently volunteer and report that it is an amazingly rewarding experience and easy to do. No major commitment, you fit it into your schedule as you wish, even just an hour or two is very beneficial to the kids and schools.

Summer is the best time to complete the application process and be ready for the new semester. The opening of schools is just around the corner. Just go to [BrowardSchools.com](http://BrowardSchools.com), click on "Community", scroll down to "Volunteer Services". All the info you need and answers to many FAQs are right there. Click on "Get Involved" to be guided through the application. Any questions, please contact Shelly deMarco (954) 854-4998.

## Leadership Hollywood

"I attended this fabulous program of the Hollywood Chamber of Commerce and learned all about Hollywood. As a new member of the community I made many friends and in eight months had an understanding of everything our city has to offer, leadership skills and friends.

"From services to water treatment, beach erosion to beach safety, fire and police. We toured a hospital and several non-profits including Broward Outreach and saw a performance of the Exceptional Theater Company. We visited and learned about our city and county government, visited the courts, and toured the Port. It was a wonderful experience!"

- Carol Fitzgerald

**"People will forget what you said and people will forget what you did, but people will never forget how you made them feel."**
